Tailored Printing Named 8th Fastest Growing Printer Nationally

Tailored Printing's 32% growth in 2008 ranked them #8 on the list of "Fastest Growing Printing Distributorships with Less than \$5 Million in Sales" according to the June 2009 issue of Print Solutions Magazine.

"I'm glad the Springfield Chamber of Commerce is helping to promote the 'Positive Springfield' campaign to let others know that Springfield is a positive place to live and run a business. It certainly has been positive for us as we celebrate our 15th year of business here," says company president Kevin Slot. "I wonder how many other Springfield businesses are doing quite well but just aren't in the news."

Tailored Printing provides graphic design, one color to full color printing, ad specialties, and imprinted apparel. Tailored Printing's online ordering systems enable customers to view, customize and order all their printed products online. More than half of all customer orders are placed online. A demo of the system is available online at www.tailoredprinting.com.
